We
make it
custom

Fine tune an existing style.

Customize every detail.

We understand that just picking a different fabric color doesn't make it custom. That's why we have an easy process that allows you to determine every aspect of your sofa — from the arm and leg styles, to the back height and width, to the firmness of the cushions.

Each alteration is made with your personal comfort in mind.

And of course every sofa can be constructed with our world famous sofa bed built right inside. So come in and discover for yourself why for over 50 years, when it comes to comfort, New Yorkers choose Avery Boardman.

*All measurements in this catalog are approximate. Seat height varies depending on border width and cushion fill.

You dream it. We will build it.

Your design - from scratch.

Can't find what you're looking for here? No worries. Our team of designers and artisans can turn your dreams into reality.

The myriad of samples on our showroom floor are merely the starting point from which your most creative endeavors can unfold.

Changing a back height, removing a skirt, narrowing an armrest is just the beginning. Bring us a picture, or describe your design and our in-house experts will work with you every step of the way to create unique upholstered pieces to fit any project scheme.

At Avery Boardman we encourage you to dream big.

Comfort. Day and night.

The story behind our famous Sofa Bed.

Avery Boardman founder Albert DeMatteo envisioned a better bed, so he developed Steel-weave -- an intricate mechanism of chain link, spring and wire to replace the synthetic canvas "support" deck found beneath most sofa bed mattresses.

This proprietary technology makes all Avery Boardman frames sag-proof. And when coupled with our indulgently comfortable mattresses, it guarantees a good night's sleep. Now that's a dream come true.

Bed Mattresses

Series 1000 and 3000

Like our upholstery, our mattresses are made to order. Whether your comfort is firm or soft or you prefer innerspring or foam. Our mattresses are crafted one at a time. Custom sizing is available.

Sofa Bed Mattresses

Deluxe For those seeking a softer mattress, the Deluxe is 5" thick and naturally luxurious due to additional coils, and quilted top ticking of Khaki cotton/poly twill (60/40).

COMFORCOOL™ Introducing the ComforCOOL™ gel-embedded memory foam sleeper mattress, a revolutionary tri-layering of proven components for cool, comfortable sleep.

MEMORY FLEX™ The difference is a top layer of conforming Visco Elastic memory foam and dense polyurethane foam to provide support, with cushioning fiberfill on top.

Air Lux The air mattress is our thickest and is adjustable to your preference. Requiring only the click of a button to inflate and deflate, it also include a memory pump that automatically shuts off once inflation or deflation is complete.
